PROFILE

Hello, I'm a full-stack web developer with 3 years of experience working at a software company in Bangkok. I have a strong passion for coding and love staying up to date with the latest trends and technologies.

Throughout my career, I've had the privilege of learning from top coding instructors and being surrounded by knowledgeable and talented individuals. This environment has helped me build a solid skill set, particularly in Angular and React.

I'm always excited to embrace new challenges and continue growing both personally and professionally.

Thank you for taking the time to learn more about me

I look forward to the opportunity to collaborate in the future.

WORK EXPERIENCE

- Omachareef Ltd., Part** 2024 - PRESENT (1y)
Meat Factory, beef-chicken wholesaler Managing Director
After gaining valuable experience in both operational and technology roles, I am eager to expand into the field of management. I have been given the opportunity to introduce new technologies, knowledge, and a fresh, next-generation perspective to help drive the organization forward aiming to elevate its position as a leading provider of beef and chicken products in the meat industry.
- Codemobiles Co., Ltd** 2021 - 2024 (3y)
Software house, Tech company, Training Mid level developer
My first journey began at Codemobiles, a software company with a wide range of products. Working there gave me the opportunity to explore and work with various technology stacks. It also taught me to become a full-stack developer, as I was responsible for developing both the frontend and backend by myself.
 - Frontend
 - Backend
 - Tester
 - DevOps
